**Free trial success**

Thank you to all those families who participated in the free trial during June. We hope your children enjoyed the experience and that those who have decided to continue will find it very rewarding. If you would like to discuss your child taking on a second subject or if you are deciding whether or not to start a sibling on the programme, please give me a call.

---

**Awards photos on display**

Please note that we have a photo montage of students at our awards ceremony on 26 May. The photos are on display upstairs, so please feel free to come up and have a look.

---

**Holidays and Kumon**

Please remember that Kumon continues right through the holidays. All students are expected to continue with the work programme set for them over this time, whether you are going on holidays or staying home and attending the centre.

The centre will only be open Mondays and Tuesdays during the holidays, so students come in **once a week** during this time. Monday/Thursday students will come in on Mondays and Tuesday/Friday students will come in on Tuesdays. Please refer to the dates on the left.

If you are going away, we need to know well in advance. A written note or email, detailing your last class day and first class day back, will help us prepare the appropriate amount of work. Please note that we are **not** able to give students extra work on the spot during class times. We need to prepare the work beforehand, so it is essential that you let us know if you need to take work away with you on holidays.

---

**Want to know how your child is going?**

If you want to book a parent consultation to discuss your child’s progress or just to touch base with how things are going, please visit our portal: www.kumonessendon.com to book a day and time.

---

**Colds and flu season**

‘Tis the season to be sneezy, wheezy and runny, so it is probably timely to remind parents that any unwell child should be kept away from the centre. If they are too sick to go to school, they are too sick to come to Kumon. We also ask parents to remind children about basic hygiene practices in relation to coughing, nose blowing and hand washing.

The centre is very busy at the moment, so please adhere to your booked time slot so the centre can run smoothly and we can provide an environment that is conducive to learning. If you need to change your allocated time, please contact us to discuss an alternative time.

---

**Fees** — If you are not an Ezidebit customer, please make sure fees are paid well before the 1st of each month. If this is a problem, please contact the office on 9379 2989 to discuss before the due date. Ezidebit customers have their payments automatically deducted around the 20th of each month.

Tip for students
Do not rush your worksheets. Accuracy is equally as important as a good time. Simply record your starting time at the beginning of your daily work and record your finish time after you have worked steadily and carefully through the material. The key is concentration. Rushing the work will simply increase stress and reduce accuracy.
